

Thousands Now Use This Recipe For Cough Syrup

Easy Made at Home. Costs
Nothing if It Fails.

The speed with which this simple home mixture takes hold of a cough and conquers it will surprise you. The recipe given below makes more and better cough syrup than you can buy ready-made for \$2.50.

Mix one pint of granulated sugar with 1/2 pint of warm water, and stir for 2 minutes. Put 2 1/2 ounces of Pinex (fifty cents worth) in a pint bottle; then add the Sugar Syrup. It keeps perfectly. Take a teaspoonful every one, two or three hours.

This gives almost instant relief, and usually stops a deep-seated cough inside of 24 hours. Splendid, too, for whooping cough, chest pains, bronchitis, hoarseness, etc. The taste is pleasant, and it is just laxative enough to help cure a cough. Its tonic properties restore the appetite which a cough tends to destroy.

This recipe is now used in thousands of homes in the United States and Canada. Its popularity has resulted in many imitations—none of them as good as the old successful formula. It will not work unless you use the pure, genuine Pinex, which is the most valuable concentrated compound of Norwegian white pine extract, and contains the necessary quantity of gualacol and other healing pine elements.

A guarantee of absolute satisfaction, or money promptly refunded, goes with this recipe. Your druggist has Pinex or will get it for you. If not, send to The Pinex Co., Ft. Wayne, Ind.

SCHEDULE CHANGES TO BE MADE SUNDAY

Nogales-Cananea Train to
Be Tri-Weekly—Day
Train Off.

Cananea, Mexico, Nov. 24.—A new time table will be in use, beginning Sunday, Nov. 27, on the Southern Pacific of Mexico lines. The Nogales-Cananea train will be a tri-weekly affair beginning that date. It will leave Nogales on Mondays, Wednesdays and Fridays, and returning, leaves Cananea on Tuesdays, Thursdays and Saturdays. The leaving time is also changed. It will leave Nogales at 8 a. m. hereafter, and arrive in Cananea at 12:10. The train will leave Cananea at 1:10 and arrive in Nogales at 5:20 p. m.

The Cananea-Naco train will leave Naco for here at 10:40 a. m., arriving in Cananea at 12:10 p. m. Returning, will leave Cananea at 1:10 p. m., arriving in Naco at 2:30 p. m.

On the main line the day train from Guaymas to Nogales will be taken off and a night train will be installed. This train will leave Guaymas at 8:20 p. m., instead of 9:00 a. m. as in the past. It will arrive in Nogales at 7 a. m., instead of 7 p. m., as formerly.

From Mazatlan the train will leave at 11 p. m., instead of 11 a. m., as at present.

People coming up from the south and arriving in Nogales on days the train does not run to Cananea, will be compelled to remain in the border town all day and night, 24 hours, as no time could be saved by going by way of Benson or Tucson to Cananea, as an all-night stay in Naco would result.

SURVEYING CORPS

ARRIVES AT VAUGHN

People Confident That Denver & Galveston Road Will Reach There.

Vaughn, N. M., Nov. 24.—All indications now point toward Vaughn as a three-point railroad terminal. The Santa Fe surveying party, which left Las Vegas about three weeks ago, has made a survey for the proposed Denver and Galveston railroad, has reached here and pitched their tents for a week's stay. They will await orders to proceed southward. They report that the route through some very rough country this side of Subhacker.

A prominent railroad man who is here says: "You can safely say that the D. & G. short line is an assured fact. Several signs of men are now employed on actual construction work this side of Subhacker, and the surveyors will continue southward in about a week. Further evidence that the Santa Fe intends to put the D. & G. through Vaughn is the recent installation of about \$20,000 worth of machinery at the round house, which includes a mammoth drill and lathe and a dynamo. The new equipment is hardly necessary for the present volume of repair work at this point."

Regarding the removal of trainmaster Underwood and chief train dispatcher Day and his force to Clovis, it is said the change is a temporary one, and was made by the new superintendent of the Pecos division, J. E. McMahon, who believes that the business of the Pecos division can be more expeditiously handled at Clovis than at Vaughn.

ROSWEEL WORKING

FOR ANOTHER ROAD

Roswell, N. M., Nov. 24.—A proposition to build a railroad from Galveston connecting there with the Lloyd Steamship company's line, to Roswell, is to be submitted to the citizens of Roswell and the Commercial club by Col. Fred A. Beale, of New York.

A number of Santa Fe officials, including George C. Starkweather, general superintendent of the lines south-west from Wellington, Kansas, and P. C. Fox, general manager, came in his private car, accompanied by J. E. McMahon, superintendent at Clovis, and D. Elliott, superintendent at Amarillo, have returned from a trip of inspection of this division south to Pecos, Texas.

AWAITS OUTFIT TO

DRILL AT MARATHON

Marathon, Texas, Nov. 24.—The Marathon oil company is awaiting the arrival of its drilling outfit to begin active operations. The drilling outfit, which arrived here over the company has been sending a number of hurry up telegrams to get it here. The company is said to have sold a quantity of stock and has money to carry on the work of drilling in good shape.

THINK NEW ROAD IS AN

EXTENSION OF PECOS VALLEY

Pecos, Texas, Nov. 24.—The surveyors are locating what is thought to be the extension of the Pecos Valley Southern from Pecos north to Quanah, on the Fort Worth & Denver. G. L. Taylor, a ranchman from Loving, N. M., was in Pecos and stated that a party of surveyors was running a line said to have started from Pecos and going north to Knowles, Loving and King. N. M., and another party has been in ahead working up a bonus. Mr. Taylor stated that one of the towns had subscribed \$5000 acres of land and had given on the right-of-way and a considerable sum of money.

Mr. Taylor said that the people up there had gone wild over the thought of getting a railroad and were doing everything possible to assist the promoters.

DAILY TRAIN NOW RUNS

FROM DALHART TO WILKS

Dalhart, Texas, Nov. 24.—The E. & W. railway is now running a daily passenger train from Dalhart to Wilks and connecting with a daily auto service on to Dumas. The track is being put down as rapidly as possible and all

rail to Dumas will be one of the early features of the Panhandle.

The E. & W. has received its first new locomotive fresh from the factory and an old-fashioned coach and baggage car. A coach in the shipment was caught in a wreck en route and put out of service for the time.

VAUGHN RESOURCES OVER

REPORTS OF ANOTHER ROAD

Vaughn, N. M., Nov. 24.—Vaughn is jubilant over the report that it is to have another railroad, the Denver & Rio Grande, from Las Vegas to Vaughn which will extend through to Galveston. There are several camps now pitched along the line of the survey and it is said work upon the new line will begin shortly.

Mr. and Mrs. J. H. Reese, of Louisville, Ky., relatives of W. E. Jeffries, who came here to visit him will remain here permanently and go into business.

ADDITION TO TAILINGS

PLANT NOW COMPLETED

Clifton, Ariz., Nov. 24.—The addition to the tailings disposal plant at the A. C. company concentrator is about completed. The bins are so arranged that tailing cars can be placed to receive the refuse that is not handled through the pipe lines to the flat below Clifton, which is rapidly being filled.

POSTMASTER NOT

THE ONE AT FAULT

Carelessness of Postoffice

Patrons Often Real Cause of Complaints.

Assistant postmaster Wilton says that his experience in the post office service has made him believe and a large portion of the public either lacks knowledge of many essential rules of the postoffice business, or that they are very indifferent, at least until they are affected personally, to the care of mail or imaginary grievance, then they take up valuable time at the postoffice.

The cause of errors or delays in connection with mail matter can usually be traced to some omission or oversight of the sender or receiver. Genuine complaints are welcome and are zealously investigated, but it is often found that persons who make the most violent complaint are themselves the ones most to blame.

The burdens of the postmaster would be much lightened if everyone would learn a few things about postoffice matters—for example, the rates of postage, how to properly have mail parcels properly for mailing, to always advise the postoffice of any change in their address, give their correspondents their correct address, also all publishers of papers or magazines to which they are subscribers, in short, to learn to do what is necessary.

The rates of postage are:
First class—Two cents on letters or sealed parcels in the United States and possessions, Mexico, Cuba, Canada, British Isles, Germany, also United States postal agency at Shanghai, China; five cents to other countries in the postal union.

Second class—Unsealed newspapers and periodicals, one cent for each four ounces or fraction thereof.

Third class—Unsealed books, circulars, miscellaneous printed matter, one cent for each two ounces or fraction thereof.

Fourth class—Unsealed merchandise and all matter not in first, second or third class, one cent for each ounce or fraction.

All mail matter should bear the name of sender and a good address.

ARTIST LOST IN

ARIZONA MOUNTAIN

Eighth Cavalry Said to Be

Slated for Philippine

Service.

Bisbee, Ariz., Nov. 24.—DeWitt G. Dye, an artist from San Francisco, was lost for a day and a night in the Dos Cabezas, while roaming around to take in the mountain scenery of the locality. He was hurt by falling down an embankment and was finally found by a searching party.

Secretary Reynolds of the board of trade received a communication from general freight agent Fox of the El Paso & Southern, stating that the rates that Bisbee will get reduced rates, the same as Phoenix.

According to Lieut. R. L. Collins, the Eighth Cavalry has been ordered from Fort Huachuca to the Philippine Islands. The 12th regiment of cavalry will be sent here to garrison the fort.

The Bisbee High school team will go to Douglas Thursday to play a game with the High school boys of that city.

Thanksgiving exercises were held in the local schools Wednesday. A lot of ground on Quality hill will be converted into a playground for the boys and girls of the city.

C. A. The association will hold a bazaar and a county fair this week in order to secure money enough to meet the expenses of beautifying the playground.

Lazar Bravich and Miss Helen Radulovich were married by Judge High. Miss Radulovich came here from Austria about a month ago to marry Bravich, with whom she was engaged since the school days.

The medal offered by the National Rifle association was won by F. C. Hurst at the shooting contest which was held at the Country club grounds.

GILL MAKES PERFECT

SCORE IN CARD CONTEST

Robert H. Gill, in a voluntary examination for the distribution of 267 cards on the North Texas run of the railway mail service, scored 190 by missing a pigeonhole. Ashley C. Bragg scored 225 by missing the cards.

The examination was held in the office of chief clerk David McKnight in the federal building Wednesday morning.

THE greatest crisis in a woman's life

is when first she becomes a mother.

All the physical strength of her nature is demanded at such times, and it is necessary that her system be thoroughly prepared for the event, in order that the health be preserved for future years. Mother's Friend

is woman's safest reliance; it is a medicine for external use, composed of oils and other ingredients which assist nature in all necessary physical changes of the system. Its regular use before the coming of baby prepares the muscles and tendons for the unusual strain, aids in expanding the skin and flesh fibres, and strengthens all the membranes and tissues. Mother's Friend lessens the pain and danger at the crisis, and leaves the mother in such healthful condition that her recovery is always rapid and natural. Mother's Friend is sold at drug stores. TRAIN HITS WOMAN, CONDUCTOR IN JAIL

Narrow Gauge Roundhouse
at Cananea, Mex., Damaged by Fire.

Cananea, Mexico, Nov. 24.—Conductor M. O'Connor was arrested following an accident in which an aged Mexican woman was run over by a switching engine and two cars. The accident occurred at a point opposite the market place. The engine was shoving two box cars from the yards of the S. P. railroad to the smelter and at the place where the accident occurred a clear view of the track is impossible on account of the sharp curve. Trains generally run at pretty high speed in order to make the grade.

The woman, who was following the funeral procession of the little boy, Salvador Villagosa who was killed at about the same time Monday morning by being run over by a carriage, did not hear or see the approaching train until too late and could not get out of its path. The train and crew were placed under arrest temporarily. When the city physician, Dr. F. V. Barroso, ascertained that the woman was not very seriously hurt. The train crew was permitted to run to the narrow gauge and conductor M. O'Connor was taken to the city jail to await the outcome of the woman's injuries.

Round House Damaged.
The supply department of the narrow gauge roundhouse was damaged about \$2000 by fire. The firemen did good work in keeping the flames from spreading to other buildings.
